ins. Armand Elena Maria

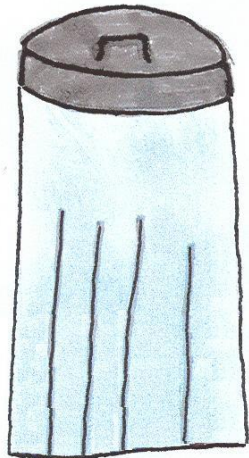

Every day people throw away things that are empty, broken, old or simply used.

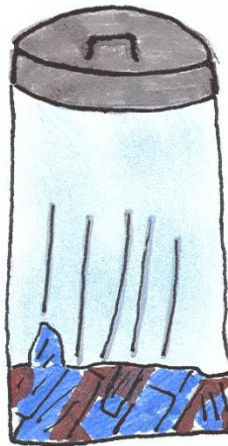

The rubbish grows and grows.

Each person throws away about seven times his/her weight in rubbish every year

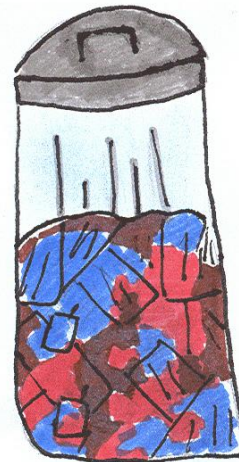

check your rubbish

no rubbish

some rubbish

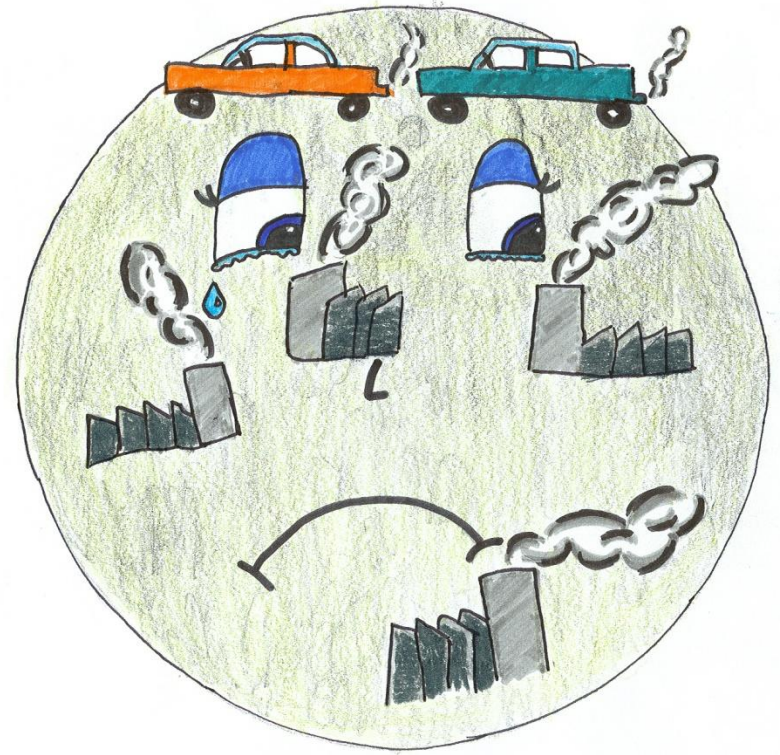

a lot of rubbish

too much rubbish

sad planet

KeyWords

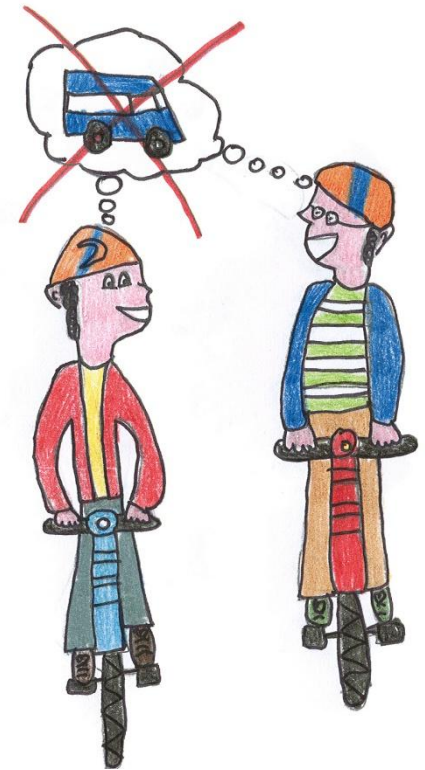

RESPECT

REUSE

REDUCE

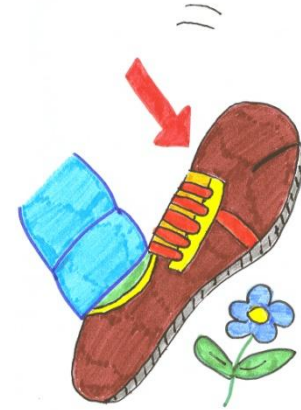

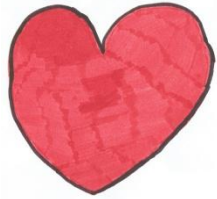

RECYCLE

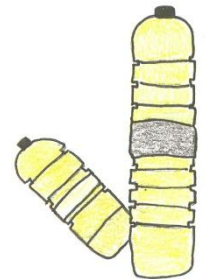

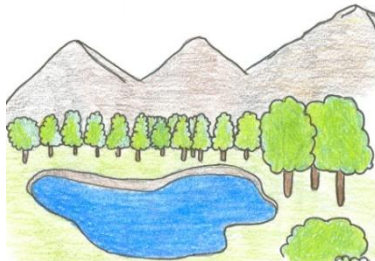

COMMANDMENTS

❖ Respect! plants and animals are not toys! Don't destroy them

❖ No intrusion! Nature doesn't like chemicals, pesticides and non-organic waste

❖ Be smart and helpful!

Be a good friend for everything and everybody

❖ Rubbish is precious!

Reduce,

reuse

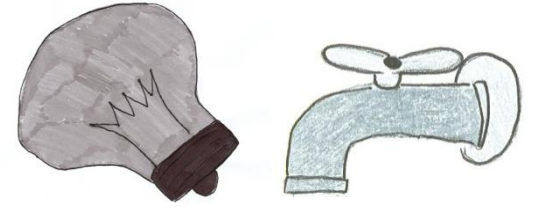

or recycle it

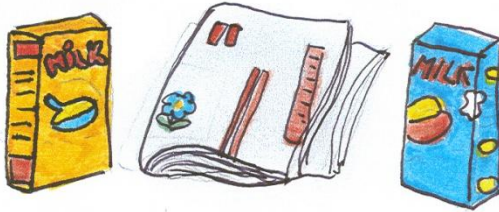

❖ Water and electricity are precious!

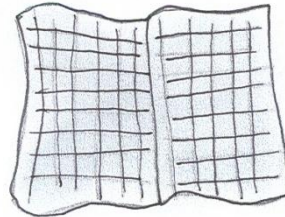

Don't waste them

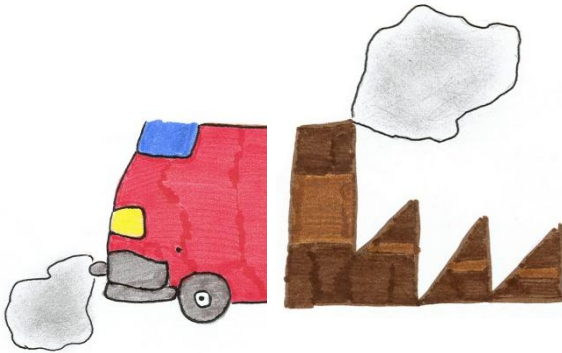

❖ Save paper!

Write on both sides of paper

❖ Don't pollute air!

~~ride a bike~~

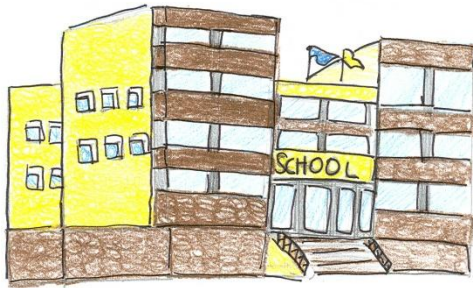

or go on foot

Rubbish comes from many place

houses

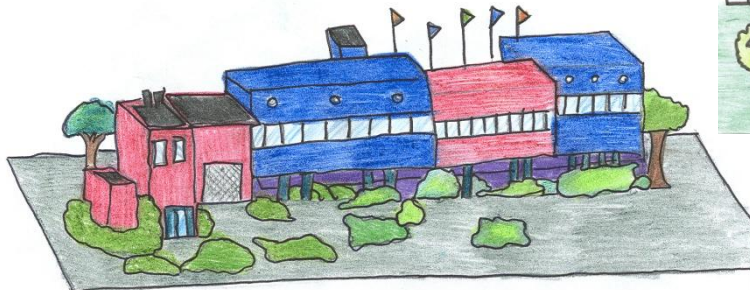

schools

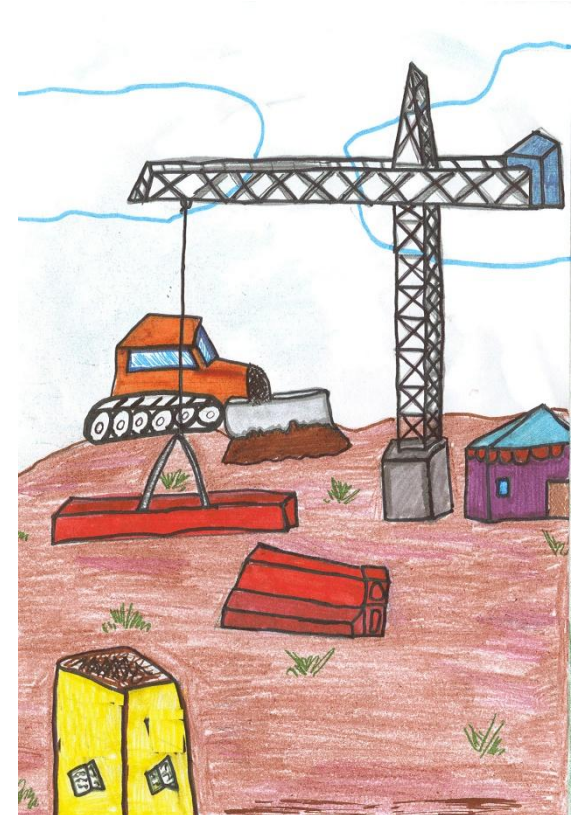

offices

farms

factories

building sites

People often throw rubbish into **bins**

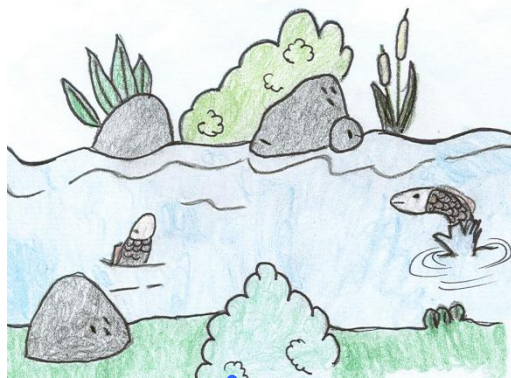

Sometimes people throw rubbish

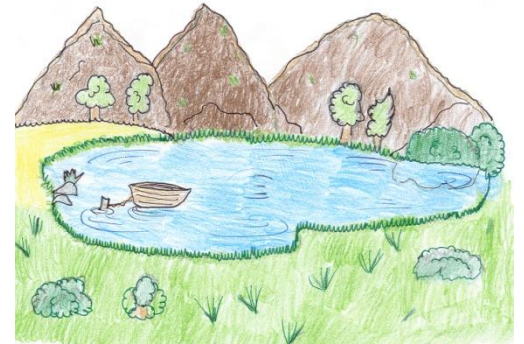

on the **ground**

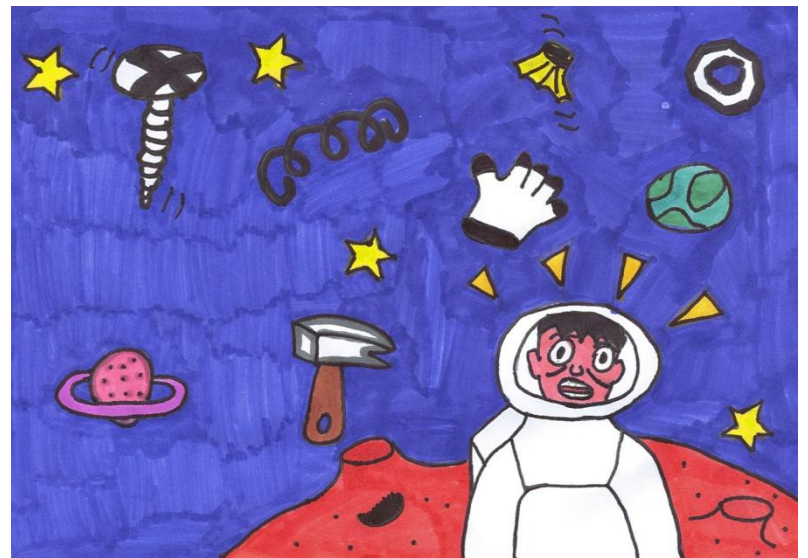

in the **sea**

in the **rivers**

in the **lakes**

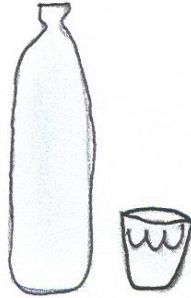

There is rubbish floating in the **space!!!**

Some rubbish can be re-used:

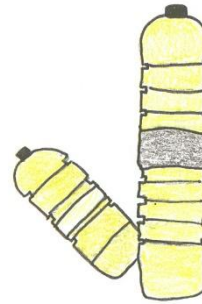

paper and cardboard

glass

plastic

aluminium

organic waste

can be recycled

In some places there are

collection trucks

Trucks come to take rubbish away.

This truck picks up the bin and empties it

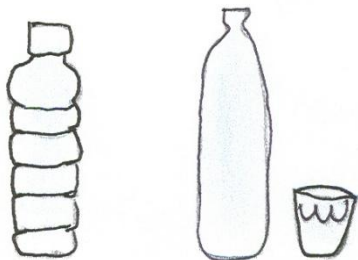

In some places people take their

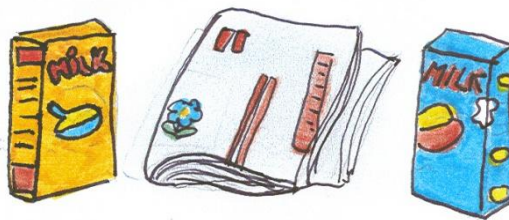

cans

bottles

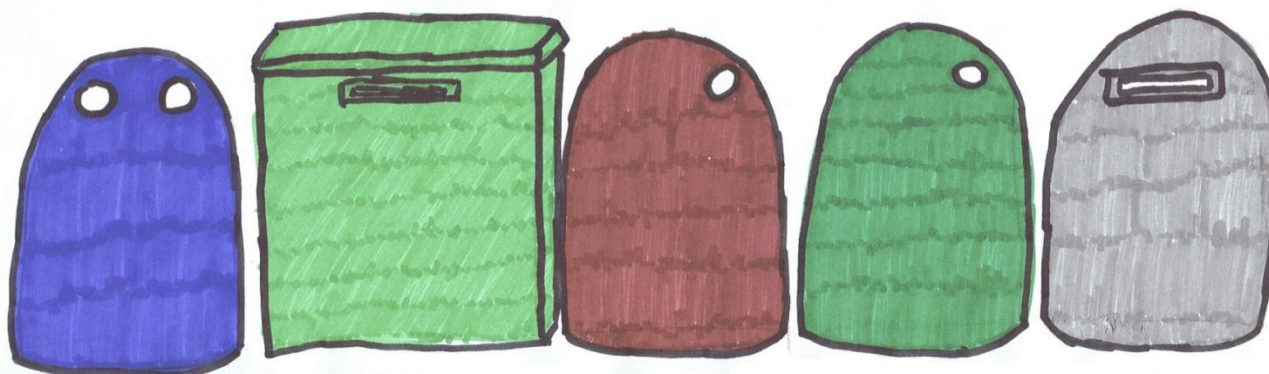

paper

organic waste

to big **recycling bins**

watch out!

be smart

no intrusions

be kind
